Are you interested in developing your physiotherapy clinical knowledge and skills in continence and women’s health?

Curtin University provides a mixed mode of educational delivery for the Graduate Certificate and Master of Clinical Physiotherapy.

Teaching methods include face-to-face teaching blocks, clinical placements, and online lectures, tutorials and discussion groups. Classes are taught by internationally recognised continence and women’s health physiotherapist, Dr Judith Thompson and other experienced continence and women’s health clinicians and educators.

2017 TEACHING BLOCK AND WEEKEND DATES

Pelvic Floor Musculoskeletal Rehabilitation PHTY6007
Block 1: Structure, Function and Assessment of the Pelvic Floor, Saturday 18 – Wednesday 22 February.

ENTRY REQUIREMENTS
A degree, or equivalent, in physiotherapy from a recognised tertiary institution. Applicants for the master degree must have at least two years clinical experience. Applicants for the graduate certificate must have at least one year of clinical experience.

International students must achieve a minimum IELTS score of 7.0 in each of the four components (listening, reading, writing and speaking) or completion and overall pass in OET with grades A or B only in each of the four components to meet the University and registration English competency requirement.

HOW TO APPLY
Download the Application for Admission form from the Curtin website and submit the completed form to the Health Sciences Faculty Student Services Office along with certified copies of academic transcripts, a brief outline of your clinical experience and interest in women’s health physiotherapy and two completed referee reports.

APPLICATION CLOSING DATE
Please contact the Health Sciences Future Student Services Office for application closing dates. Please be aware that PHTY6007 Pelvic Floor Muscle Rehabilitation starts in February and late applications cannot be accepted.

FEES
